

MOTYW

www.motyw.org
www.cgworkshop.org

Motyw Studio is a dynamic growth company. We are looking for a **Architect/Engineer** to learn and work in our office in Gdansk, Poland. If you want to take part in interesting and world-wide knowing projects, we will be interested in hearing from you.

What we are looking for

You need to work independently, making quick decisions, working under deadlines.

Skills are not so important as desire to learn and making yourself perfect step by step.

If you are not experienced- no problem, if you show us that you deserve for this place, we will teach you.

Passion for the subject is essential to the job- without this, you will be not sufficiently motivated.

This is full-time position.

Work Scope:

- research of technologies and solutions for our designs
- work often in Maldives - construction sites
- coordination with PM's

Skills that we looking for

- Young and passionate person with field experience and open mind for new concepts.
 - Ability to meet deadlines and independently identify priorities.
 - Excellent communication and teamwork skills.
 - **Desire to grow professionally.**
- English spoken and written fluent (polish, german, french, italian - optional)

What you can get from us

- You can work with international team with strong CG skills
 - Take part in creating huge and prestigious projects
 - Strong references for future work from us

How to apply

1. Send us your CV & Portfolio (also online portfolio - Behance etc.)
2. Write something about you (skills, hobby, **everything that you would like us to know** and **why you want to apply to that position**)
3. Send all this things in one e-mail (patryk@motyw.info) subject: "Motyw/**architect/yournameandsurname**"
